Grapevine Police Locate SUV of Missing Woman

GRAPEVINE, Texas - Investigators have located the SUV belonging to a woman reported missing in Grapevine two weeks ago. After multiple searches throughout the city and lake area, a team using sonar equipment at Grapevine Lake identified a vehicle submerged nearly 400 feet from the shoreline.

Dive teams confirmed the make, model, and license plate number match the vehicle owned by 66-year-old Joyce Payne. Due to the depth of the SUV and murkiness of the water, police have not yet been able to confirm if Payne is inside the vehicle.

Police and fire personnel will remain on scene until the SUV can be removed from the water. Grapevine detectives are in contact with Payne's family, and have made them aware of the vehicle's discovery.

Grapevine Police thank the public for helping search for Mrs. Payne. Any updates on the case will be made after the vehicle is recovered.
